RIOJA

A BREAK AT
Rioja Vineyards

A wonderful location to enjoy in the heart of La Rioja since 2021.

Our **hospitality** is found in the details and we love to make you feel at home, regardless if you are travelling for business or pleasure. We aim to **personalize** your experience with a professional human touch that will make your visit to La Rioja **delightful** and make you want to return.

We are part of the **Piérola Group** that works with a philosophy based on **sustainability**, using energy sources that are respectful to the environment.

Thanks to our commitment to the cultural promotion of the area, we have earned the prestigious **"Best of Wine Tourism" prize in the Art and Culture 2024 category.**

H O T E L ****

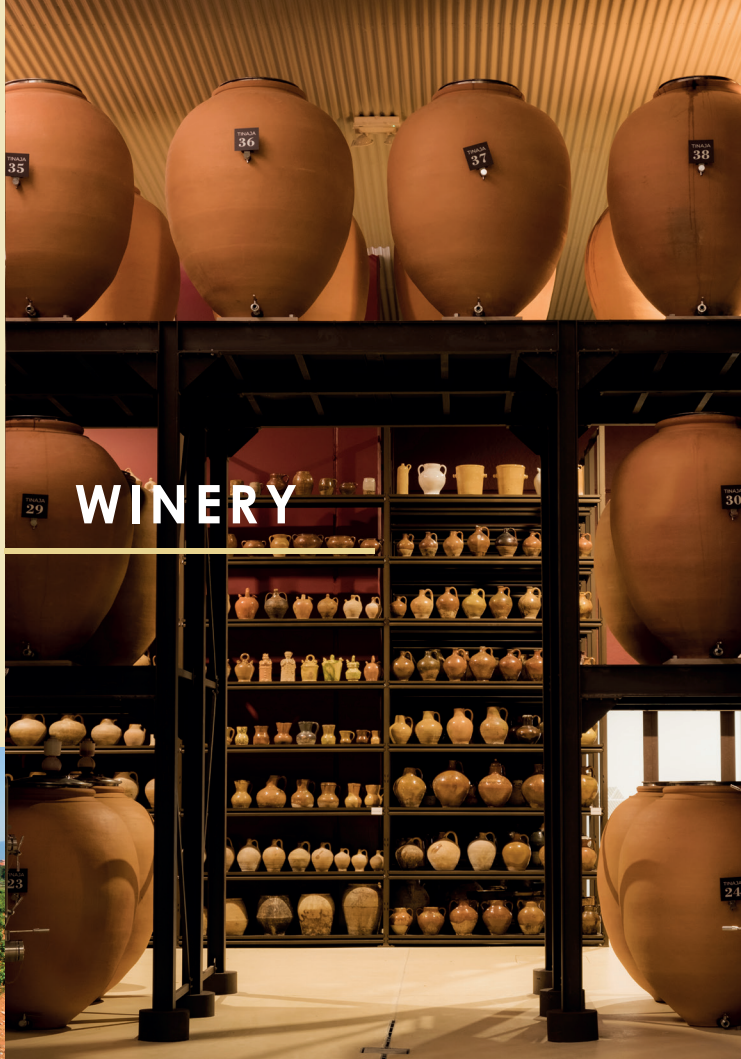

The **vineyard landscape** is the focus of your stay. Through the huge windows of our 29 rooms and with great comfort, you'll enjoy the mountain views, the villages upon the cliffs and, of course, the vineyards in the different seasons.

The quietness of the surroundings, the soft touch of the sheets, the gastronomy, and the aroma of one of our wines. All blended to create a **wonderful stay.**

Our project is part of the **Piérola Group**, formed by four wineries: Fernández de Piérola (Rioja Alavesa), FyA (Rioja Alta) Traslascuestas (Ribera del Duero) y Cyatho (Rueda).

Our objective is to make quality wines that are characteristic of the region. Everything lines up with our **commitment to sustainability and respect for the environment and we use renewable energies** that come from the infrastructures installed in all our wineries.

At Bodegas FyA, we specialize in **Clay Pot wine making**, honouring the village of **Navarrete**, where we find the last active artisan pottery makers in La Rioja, and giving value to the method that transfers the authenticity of the aromas to the wines.

WINERY
